

How to reset Location and Privacy

If you want to restore your location and privacy settings to their system defaults, removing all access from third-party apps and requiring them to re-prompt you, this is the way to do it.

1. Launch the **Settings**
2. Tap **General**.
3. Tap **Reset**. It's all the way at the bottom.
4. Tap **Reset Location & Privacy**. You may have to re-enter your passcode to do so.
